## Describe How the Program Supports Family Connections

The Children's Home is extremely committed to working with families. To facilitate permanency The Children's Home provides family therapy, liberal but scheduled visitation and phone calls. All parents are invited to treatment team meetings and special events on campus with limited transportation available. The Children's Home's definition of family is very liberal, and residents are eligible to receive family services.

## Special Interventions Available Internally

There are Master level therapists available 24 hours per day. Direct Care staff are trained in multiple de-escalation techniques. The Children's Home Covington campus provides services for children with sexual behavioral issues. Specialized individual and group therapies are utilized to address this issue.

Description of how the program exceeds licensure ratios
