Advantages of the AGC Independent Living Program: Located in downtown, Nicholasville, Kentucky, we take great pride in our beautiful two bedroom town homes that provide housing for mothers and babies, as they take advantage of Independent Living Skills provided by the agency. Although our program only accommodates 8 mothers and babies, we feel it is small enough to keep the "home like" feeling while being large enough to provide a broad range of services. We provide childcare in our childcare center to assist our residents while they continue their education and further develop their skills relating to Independence. AGC also provides prenatal classes, parenting classes, substance abuse education, mental health counseling, and Independent Living classes. AGC acknowledges that learning and growth are a continuum of formal and informal experiences found all throughout life. It is the goal of this program to equip the mothers/children with as many foundational skills as possible and to improve the total quality of life for each mother and child.

Included/Excluded Populations**Gender Accepted:** Female **Age Range Accepted:** 18 to 21 **LOC Range Accepted:** 1 to 4 **Mininum IQ Accepted:** 70**Client History at Admission**

Psychiatric Services

We use United Behavior Health Associates for all psychiatric services and psychiatric medication management. We automatically refer our resident's for medication managements if they are currently on psychiatric medication. If a resident is not currently on psychiatric medications and our assessments indicate a need for a psychiatric evaluation we will immediately schedule an appointment. Requests for initial psychiatric appointments and medication management are typically scheduled within two to three weeks. However, we rely on our OB/GYN providers to determine the need and safety of psychiatric medications for our pregnant and nursing clients. Upon the OB's recommendation we will then refer our clients for psychiatric evaluation and possible medications.

SERVICES AND OUTCOMESSafety

Number of Substantiated Abuse Allegations in the Past Year: 0			
Total # of Bedrooms	4	Percentage of Direct Care Staff Trained in Physical Management	0.0%

Well Being

Does this program have a PCC Foster to Adopt Agreement?.	No	Educational Disruptions in the Past Year:	0
Adoptions by the Program's Foster Homes in the Past Year:	N/A	School Changes in the Past Year:	0

Describe How the Program Supports Family Connections

AGC attempts to assist significant persons and families in fully participating in the delivery of services and are informed about service options, setting and modifying service goals, and making decisions about the services they receive. Ongoing family participation is expected, unless contraindicated, and the organization communicates this expectation at the initial consultation or at intake. In cases of reunification, a family-centered service plan that identifies the family's unmet service needs; plans for maintaining or strengthening the relationship between the person served and her family, and addresses the person's need for the support of her family and informal social network is implemented. We work with the Social Worker for guidelines regarding family reunification and preservation.

Special Interventions Available Internally

Counseling: Individual, Group and Family counseling provided once a week on site with oversight by an LCSW. Treatment Coordination; assists the resident, family and social worker in developing goals that promote healthy social, emotional, physical, educational, mental and spiritual development in the teen mothers and their children. On site, developmentally appropriate childcare center provides activities that promote the healthy development of the infant and assist the mother's in learning appropriate skills. Special classes on site: Independent Living Skills, Parent Education, Substance Abuse Education, Child Development, and Childbirth Education. Educational opportunities; pre and post secondary educational opportunities with the local school system and community colleges. Medical Services: AGC arranges for the services and sees that follow up services are addressed in a timely manner.
