Supplemental Information

Benchmark Family Services provides quality services to all youth including therapeutic case management services, 24 hour crisis intervention, and mental health treatment with on staff therapists. Our goal is to provide stability and consistency to the children we serve, while working in partnership with DCBS to prevent disruptions / unnecessary moves. Benchmark case managers provide detailed monthly Treatment Status Reports (TSR's) to DCBS worker and include DCBS in all treatment plan meetings. Each youth placed with Benchmark will complete a psycho-social assessment by a qualified Treatment Director and identified needs will be addressed in the youth's treatment plan. Benchmark Family Services accepts referrals for placements 24/7 with an after-hours phone number on our office answering machine.

Describe How the Program Supports Family Connections

Benchmark works with the family and child to achieve reunification as directed by the DCBS worker. Family is invited to Treatment Team meetings, visitation and they receive a copy of the treatment plan each time one is updated. Foster children are encouraged to remain in contact with their parents.

Special Interventions Available Internally

24 hour emergency phone where a Benchmark staff is available at all times for foster parents and youth. Benchmark holds Disruption Meetings to exhaust all options for preserving placement and we offer specialized foster parent trainings as needed.
