Necco is a family company that serves at-risk youth through therapeutic foster care, independent living, in-home, mental health, parent education programs and more. We believe in harnessing the power of a strong family, experienced staff, and a robust community to make a positive and lasting difference in a child's life. Working with foster parents, state workers, service providers, and community resources we provide a holistic approach to children's services that stands to benefit not only the child, but the community as a whole. Our therapeutic foster care program currently provides treatment foster care placements for youth ages birth to 21 years and includes: intensive in-home case management, comprehensive treatment planning, 24-hour emergency assistance and ongoing support, mental health evaluations, individual and group therapy, outings for foster families, and experienced, helpful, and friendly staff. We serve a wide range of youth populations, including the most difficult children and those with a history of severe mental illness and/or criminally delinquent behaviors. We strive for a 24 hour response on all referrals and are always willing to assist on emergency referrals.
