Describe How the Program Supports Family Connections

NBFS encourages biological family members to participate in the youth's treatment planning. Family therapy is offered to promote healthy attachment and ease the child's transition back into the home. NBFS provides biological family with support services, including counseling, coordination of community resources, advocacy, and skill development and parenting training. Foster families are provided continuous training about partnering with biological family members to realize the goal of reunification. Foster parents are trained in Birth Family Connections and its importance for the child's growth and healing process.

Special Interventions Available Internally

NBFS provides 24/7 support and in-home therapy. Clinical Consultants are available 24/7 to provide phone and face-to-face crisis intervention. NBFS therapists are licensed, Master's level therapists specializing in sexual abuse, substance abuse, and disorders common to abused/neglected children, and utilize evidence based methods. Therapists are trained in TF CBT and are Trauma Certified. Foster parents receive mandatory Trauma Informed Parenting, Behavior Management, Non-Violent Crisis Intervention training, Sexual Abuse training, and many more specialized training courses.
